Dorrin Stonebrook - Equipment / roleplay

Equipment

Chain mail, shield, warhammer, holy symbol of Berronar Truesilver, priest/temple gear, prayer book, pack, bedroll, Morak's Potion of Heroism if still formally carried.

Roleplay notes

Hearth, covenant, oaths, family, protection. Dorrin speaks rarely but meaningfully. He has given Alphie a conditional blessing for Wren and taught Zephyros that a hearth is an act. He is likely to be crucial when delivering news to Miros.

Level 5 audit / assumptions

- Built as 2014 Hill Dwarf Life Cleric 5.
- HP inferred from level 2 max HP 21: CON 16 and Hill Dwarf Toughness.
- WIS assumed 18 after level 4 ASI; if Ben chose a feat or different ASI, update DC/prepared spell count.
- Spell list is a strong combat/support recommendation; clerics can change prepared spells after a long rest.

This is a custom table-ready sheet, not an official Wizards of the Coast form. It is built for 2014 D&D 5e rules using the campaign notes available here. Review with Marcus before combat if your table chooses different ability scores, subclass, equipment, prepared spells, or 2024 rules.
