Kella Darkhope - Equipment / roleplay

Equipment

Studded leather armor, rapier or shortsword, daggers, shortbow and arrows, thieves' tools, hooded cloak, practical travelling clothes, disguise/spy kit, small knife, rope, pack, personal hidden effects as Naomi approves.

Roleplay notes

Former Zhentarim specialist now a player-controlled party member. No secret betrayal arc unless all players opt in. Sharp, perceptive, dry, boundary-setting, not romantic with Alphie. Trust-testing and kinship are the lane.

Level 5 audit / assumptions

- Built as 2014 Human Rogue 5, Thief, continuing the earlier table rebuild from spy stat block to playable Rogue/Thief.
- Ability scores are assumptions; DEX 18 chosen after level 4 ASI for a competent rogue at level 5.
- If Naomi wants Arcane Trickster, Assassin, different expertise, or non-human stats, rebuild before combat.
- Uncanny Dodge is the big level 5 defensive feature. Use it to keep Kella alive in Chapter 2.

This is a custom table-ready sheet, not an official Wizards of the Coast form. It is built for 2014 D&D 5e rules using the campaign notes available here. Review with Marcus before combat if your table chooses different ability scores, subclass, equipment, prepared spells, or 2024 rules.
